### BLAIRMORE LOSES PLAYDOWN TO HIGH RIVER SENIORS

The final game of a three-game series between High River Fliers, senior provincial champions, and the Blairmore Bearcats, intermediate champions, was played on the Nanton bathing sheet last night before a record crowd of fans who were divided equally in their support.

The opening game of the series was played at High River on Saturday night, when the score was three to one in High River's favor. The game was refereed by Harry Scott, of Calgary. The second game was played on Blairmore ice on Monday night, when the visitors were swamped to the extent of 9 to 1. The third and final game last night resulted in a four-to-three score in High River's favor, leaving the result of the series 13 to 8 for Blairmore. As the decision depended upon the best two out of three games, High River was declared the winner.

In all three games Blairmore had the decided edge of the play. High River was outclassed at every stage of the series, they were out-generalized and out-skated, and the only obstacle in the way of Blairmore administering a real whitewash were the Fliers' goalie and the Calgary referee. Considerable dissatisfaction was expressed at the game at both High River and Nanton on the latter's work.

However, it cannot be denied but that the best team lost. Blairmore was at a very great disadvantage in having to play on sloppy ice, having been accustomed to the best of ice all season.

A review of the season's success for Blairmore is now interesting. They were as follows:

To win the intermediate title, they played at Blairmore—Medicine Hat 2, Blairmore 6. At Medicine Hat—Medicine Hat 3, Blairmore 3. At Blairmore—Nanton 3, Blairmore 8. At Nanton—Nanton 2, Blairmore 2. At High River—Cereal 1, Blairmore 9. At Blairmore—Red Deer 0, Blairmore 9. At Red Deer—Red Deer 4, Blairmore 8. And finally, for the playdown to decide the Allan Cup representatives for Alberta—High River 8 (three or four fukes), Blairmore 13 honest-to-goodness goals.

The Crow League representatives have suffered but two losses all season. They were on the short end of a six-to-five score in an exhibition game with Nanton, and their only league setback was 1-4 at Coleman. They also tied Granum 3-3 in a return exhibition game.

The team has not been padded; we have had no importations, and the team as played at Nanton last night has the same personnel that registered at the beginning of the season.

### CARD OF THANKS

Mrs. Joseph Semple wishes to acknowledge the many tokens of sympathy, both floral and otherwise, so generously manifested by her many friends in her recent sad bereavement.

Especially does she wish to thank the Knights of Pythias and Masonic lodges, also Mr. Atkinson, Mr. Warner, Mr. Thornton, Rev. Roy C. Taylor and Mr. O'Neill.

The very latest fish story comes from Pincher Creek, where a fellow named Fraser found his goldfish still and lifeless in frozen water, and on breaking the ice and lifting the fish out, poured brandy down its throat to revive it. The next morning, which was much milder, the fish was again found motionless—pretending to be frozen in.

E. L. Doherty, Jr., son of the California oil magnate, who was shot by his mentally deranged secretary, left an estate of around \$50,000,000.

### CARD OF THANKS

The management of the Blairmore Hockey Club, through the following committee: Messrs. A. J. Kelly, D. Lewis, W. Goddard, H. Pinkney and J. Jenkins, desire to thank the following for their liberal assistance toward the fund required to ensure home-and-home games with Red Deer:

Messrs. J. Charbonnier, G. A. Vismac, Dave Oliver, W. J. Bartlett, A. J. Kelly, W. Goddard, Danie Lewis, M. L. McKinnon, John Jenkins, James Smith (Cos Hotel), H. Pinkney, A. Fungagalli, Gordon Steeves, Charlie Sartoris, Mark Sartoris, Billy Evans, Romeo Rinaldi, Count Rinaldi, C. B. Barrall (Greenhill Hotel), J. R. Smith, Eddie McDonald, John A. Kerr, L. L. Morgan, Andy Hnatyshyn, W. H. Chappell, J. P. O'Neill, Dr. Stewart, J. E. Gillis, Mar Poy, Sam Bannan, Blairmore Hardware Co., F. M. Thompson, H. H. Griesbach, Dr. R. K. Lallie, Rex Cafe, Donald MacPherson, C. J. Tompkins, R. Green, Dr. H. B. Hoar, H. Zak, P. Chardon, L. P. Roberts, A. E. Ferguson, Mr. Sweeney, Fred Green, W. G. Healey, Mose Johnson, M. H. Congdon, E. E. Linville, McVey, M. Hamilton, H. Carmichael, P. Montalbetti, A. McVey, C. Fabio, M. M. Bennett, H. Lynch-Staunton, K. G. Craig, J. B. Wilson, Bill Cole (Bellevue), Alex. Cameron (Taxi), Martin Kubik, J. McMurchie, Fred Gavlin, Mayor Farmer, J. E. Updon, Dave Emery, W. Dempster, F. Millette, L. V. Peel, John Kubik, Dick Harper, W. Knight, W. Fisher, Gaston Bazille, S. Treno and J. W. Gresham.

### GRAND CONCERT, OPERA HOUSE, TUESDAY NEXT

A grand concert will be staged at the local opera house on Tuesday night next, under the auspices of St. Anne's Catholic church.

The programme will include a two-act play by the children entitled 'The Garden Cinderella,' and a one-act play by grownups entitled 'Aunt Dinah's Quilting Party.'

Fifty characters, all local talent, will appear, and the programme will be interspersed with songs, Irish music, dances, etc., all suited to the St. Patrick's festivities.

### ANNIVERSARY SERVICES AT HILLCREST UNITED

The anniversary service at the Hillcrest United church on Sunday last was attended by a large congregation. Rev. J. F. Knight, of Macleod, was the preacher for the day.

Rev. Roy C. Taylor occupied the pulpit at the Macleod United church on Sunday, in exchange with Rev. Knight.

On Monday night, the supper in connection with the anniversary was held in the Masonic hall and was well attended. Rev. J. F. Knight, M.A. B. D., gave in his inimitable way 'Jean Valjean' from Victor Hugo's 'Les Miserables.'

Mr. Knight's rendering of the character of Jean Valjean was thrilling and displayed a wonderful appreciation of the character.

The Bellevue Players are staging their comedy, 'It Looks Like Rain,' in the Cole theatre here on the night of Wednesday, March 27th. The proceeds for the United church. Keep this date open.

Sunday next, the Bellevue-Hillcrest male voice choir will sing in the United church at Hillcrest. Plan to be present.

D. C. Bretow, U.F.A. member for Leduc, has introduced to the provincial legislature 'That the government be authorized by the assembly to request the Dominion government to amend the law as to divorce by recognizing as a ground for divorce, insanity pronounced as incurable by competent medical authority.'

### When He Is Away

FOR the mutual use of two or more persons a Joint Account is a great convenience.

With a Joint Account, a wife may deposit or withdraw money when her husband is away or cannot get to the bank during business hours.

Our folder, 'For the Convenience of Your Wife,' explains Joint Accounts. Ask for a copy

### The Royal Bank of Canada

Blairmore Branch J. B. Wison, Manager  
Branches: Bellevue and Hillcrest S. J. Laney, Manager

The difference between a small town newspaper man and a journalist is: A journalist carries a cane, wears spats and accepts invitations to afternoon teas.

Rev. J. N. Wilkinson, of Strathmore, formerly of Pincher Creek, has accepted a call to Crescent Heights United church, Calgary, and will preach his first sermon there on Sunday night next.

Mrs. A. Morency was admitted to the local hospital on Friday last, where an operation for appendicitis was performed, which we learn was successful.

'Vice—we know where it starts. We've got to do away with this accepted a call to Crescent Heights mercurialization of dancing,' C. Croft declared emphatically at a meeting of the Federation of Community Leagues, Edmonton.

## WORLD HAPPENINGS BRIEFLY TOLD

The French Parliament has ratified France's signature to the Kellogg renunciation of war pact by a vote of 570 to 12.

There were 2,300,000 unemployed in Germany on February 15, an increase of 50,000 since the end of January, official figures show.

The year 1928 was a disastrous one for Canadian hail insurance companies, the loss ratio being 100.35 per cent. of the premiums, according to official figures released at Ottawa.

Announcement is made by the Canadian Bank of Commerce that arrangements have been made to open a branch at Fort Churchill, Man., the eventual terminus of the Hudson Bay Railway.

France notified the League of Nations that she is in favor of a British proposal for an opium inquiry in the far east by a committee of experts. She will contribute \$5,000 to the expenses of this inquiry.

The question of the provision of a submarine telephone cable between England and the United States, Canada, and Newfoundland, is likely to be a matter of early consideration by the British postal authorities.

Edmond J. Massicotte, well known Canadian artist, died at his home at Saint-Aux-Recollets, Que., after a short illness. He was 53 years of age. Massicotte was known chiefly through his pen and ink sketches of Canadian subjects.

A total of \$9,814,531.05 was spent in 1928, in grading, track laying, and ballasting on the Canadian National Railway lines according to a report tabled in the House of Commons by Hon. Charles Dunning, minister of railways.

Newly Married Man (inbriated and apprehensive).—"I wonder what my wife will say when I get home?" His Friend—"When you've been married as long as I have, old man, you'll know beforehand."

## Are You Ready

## When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what your experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner does baby feel the soothing relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the cruder pangs of colic or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

**Fletcher's CASTORIA**

## Examination Of Mine Prospectuses Likely

British Columbia Will Legislate To Protect Investors

Legislation designed to protect investors in British Columbia mines is being introduced in the Provincial Legislature by the government. It will force all new mining companies to file copies of their prospectuses with the mines department as soon as they are issued so that the department may act immediately against any misleading statements about mineral properties.

The new law is designed to speed up the issuance of official statements and so prevent "wild cat" promotions from obtaining the public's money before they can be quashed.

It's Simple—Smart

Nothing more lovely, or any smarter, than this attractive one-piece dress of patterned wool jersey for busy daytime wear. It is cut in such a clever manner that it gives the idea of a hip yoke. The plaited section in skirt and bodice, which is of plain jersey, are only extra parts to pattern, with a stitched applied band above plait. Belt of plain jersey nips normal waistline. Style No. 353 is designed in sizes 16, 18 and 20 years, 36, 38, 40 and 42 inches bust, and is made with 2 1/2 yards of 40-inch material with 3/4 yard of 36-inch contrasting for the 36-inch size. Shier tweed, bouclé, wool crepe, printed sheer velvet, plain velvet, crepe satin and canton crepe are becoming fabrics suitable for its development. Pattern price 25 cents in stamps or coin (coin is preferred). Wrap coin carefully.

We suggest that when you send for this pattern, you enclose 10 cents additional for a copy of our Fashion Magazine, showing all the most attractive Paris styles, embroidery, etc.

## World's Poultry Congress

Canada To Be Well Represented At Big Event In London In 1930

Canadian poultry breeders will exhibit in the neighborhood of 1,000 birds at the World's Poultry Congress to be held at the Crystal Palace, London, in July, 1930, according to F. C. Elford, Dominion Poultry Husbandman and president of the World's Poultry Science Association. Canada will also enter an educational exhibit. Hon. Dr. W. R. Motherwell, Minister of Agriculture, has named an executive committee, composed of the various Provincial Ministers of Agriculture, with H. B. Donovan, internationally-known poultryman, as chairman. There will also be various sub-committees with their respective chairmen.

## ABOUT YOUR NERVES

Headaches and Other Troubles Follow When the Nerves Give Way

Nerves are delicate fibres running from the brain to all parts of the body. Some of them give us the sense of touch and feeling; others convey the will to our muscles and enable us to move. When we have an "attack of nerves" it means that the body is in some way out of order and the nerves have become over-sensitive so that we get neuralgia, nervous headache, sciatica, or some other nerve trouble. Sometimes the nerves get too weak to do the will of the brain, and we get trembling hands or limbs, or perhaps St. Vitus dance. The whole nervous system is fed and kept healthy by your blood. If that is thin and poor, nervous weakness follows. In that case a tonic is needed to build up the blood, so that it may in turn feed the nerves, spine and brain. The very best medicine for enriching the blood is Dr. Williams' Pink Pills. You cannot take them without feeling the uplift they give. Your appetite improves, your brain is clearer, you feel full of new life. One sufferer, Miss Margaret R. MacDonald, Catalina Road, N. B., tells what this medicine did for her. She says:—"I suffered for a long time from severe headache and nervous exhaustion. I tried several kinds of medicine but got no relief until I used Dr. Williams' Pink Pills, and then, before long, gave me complete relief. From my own experience I feel that I cannot praise Dr. Williams' Pink Pills too highly, and would advise anyone who is suffering from headaches or nervous exhaustion, to give them a fair trial, as I feel sure the results cannot be anything but satisfactory." Take these pills as a tonic if you are not in the best physical condition and cultivate a "resistance" that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Asthma No Longer Dreaded. The dread of renewed attacks from asthma has no hold upon those who have learned to rely upon Dr. J. D. Kellogg's Asthma Remedy. So safe do they feel that complete reliance is placed on this true specific with the certainty that it will always do what its makers claim. If you have not yet learned how safe you are with this preparation at hand get it today and know for yourself.

One of the world's largest dams has been constructed on the Indus river, in India, for irrigation purposes.

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and, if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by using a reliable worm remedy, such as Miller's Worm Powders, which are sure death to worms.

The Japanese alphabet possesses two sets of characters—katakana for the use of men, hiragana for women.

The Oil Of The People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

At Broussa a Turkish captain has been sentenced to a year's hard labor for opposing the new alphabet introduced by Mustafa Kemal.

Sores Flow From H.—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Electric Oil. All similarly troubled should lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

The first patent for the manufacture of wallpaper was taken out in 1692.

## THE CHRISTIAN SABBATH

Golden Text: "For the Son of man, Lord, even of the sabbath."—Matthew 12:8.

Lesson: Genesis 2:2-3; Exodus 20:8-11; Matthew 12:1-14; 23:1-10; John 20:19; Acts 20:7; Romans 14:4-6; Revelation 1:10.

Devotional Reading: Psalm 92:1-5, 12, 13.

## Explanations and Comments

Reverence the Sabbath, Exodus 20:8-11.—Remember the Sabbath day, to keep it holy: The root meaning of the word rendered "hallowed" in verse 11, is "to separate"; the Sabbath day is to be separated from other days by the way it is spent. Six days shalt thou labor, and do all thy work.

There are many persons whose difficulty in keeping this fourth commandment is that they are too lazy to work the six days. The commandment lays stress upon working as well as upon rest. "Every man is as lazy as he dares to be," is an oft repeated saying which is not without some measure of truth. "Every man without industry is sin," declares Ruskin. The tragedy of many a life is that time is not felt to be a trust for whose use he must render account. "Tis the measure of a man's appreciation of a day."

"You keep the sabbath in imitation of God's rest. Do, by all manner of means, and keep also the rest of the week in imitation of God's work."—Ruskin.

The seventh day is a sabbath unto Jehovah thy God; in it thou shalt not do any work. The seventh day is to be distinguished from other days by the cessation of labor. "The sabbath was made for man," Jesus declared. The needs of body, mind and spirit require one day of rest in seven. The reason given here in Exodus for the distinction to be made between the first six days and the seventh is that God, Himself, labored at creation and rested the seventh day, wherefore God hallowed it, separated it from the other days for special holy use.

The setting apart of one day in seven for rest and worship was due, primarily, to the fact that the human machine will run six days with ease and regularity if it can rest on the seventh day; but it will break and break if it is pushed on through every day alike. The duty of rest is quite as imperative as the necessity of work. The individual or the nation that disregards this law pays the penalty.—Amory H. Bradford.

## Noted Explorer Dies

Surgeon Captain Edward Atkinson, commander of the Antarctic expedition that found Captain Scott and his companions and brought back the records in 1912, is dead at the age of 46 years. He served with the Grand Fleet in the war at Gallipoli and with the Howitzer Division in France, earning the D.S.O. and mention in despatches.

## New Form of Identification

Teeth prints have been added to finger prints and foot prints as means of identifying criminals. When inquiring into a burglary at a priest's house at Odense, Denmark, the police found teeth marks in the sweet Grand Fleet in the war at Gallipoli and with the Howitzer Division in France, earning the D.S.O. and mention in despatches.

## WINDOLITE The Improved Glass Substitute

MADE IN ENGLAND

COMES WITH A MESSAGE OF HEALTH

THE sun is the all-powerful life producer. Nature's universal disinfectant and germ destroyer, as well as stimulant and tonic. WINDOLITE is the sun's most important ally.

Medical research has definitely proved that from the point of view of Health and Hygiene, the most effective among the sun's rays, are the Ultra-Violet rays, which possess the greatest power for the prevention and cure of disease and debility.

Science has further established that ordinary window glass does not allow the passage of Ultra-Violet rays, so that by using glass we are artificially excluding these vital health-giving rays. Therefore, the invention of WINDOLITE has completely satisfied the long-felt want. Exhaustive experiments have conclusively proved that it is a most effective substitute for glass, that it freely admits the Ultra-Violet rays, and that it has a most beneficial effect on the growth and development of plants and chickens and on the well-being of cattle, enabled for the first time to have healthy light instead of darkness in their sheds.

Indeed, the discovery of WINDOLITE has during the last six years completely revolutionized gardening, given a new stimulus to poultry breeding, increasing the egg-laying capacity and fertility of chickens, has greatly improved the health of cattle and is now being used in domestic and household requirements.

Price \$1.50 Per Square Yard, F.o.b. Toronto. Use WINDOLITE and let YOUR PLANTS YOUR CHICKENS YOUR CATTLE Bank in 100 % Health Send for booklet "WINDOLITE" Distributors: JOHN A. CHANTLER & CO., LTD. 51 Wellington St. W. TORONTO, ONT.

## When Pain Comes

What many people call indigestion is really means excess acid in the stomach. The stomach nerves have been over-stimulated, and food rots. The corrective is an alkali, which neutralizes acid instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention. One spoonful of this harmless

tasteful alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle of it. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

## THE CRIMSON WEST

Published by Special Arrangement With Thomas Allen, Publisher, Toronto, Ont.

### CHAPTER XVII.—Continued.

Wild berries, dead ripe, hung on lush drooping branches. A soft "prut-prut-kwit-kwit" came from the leader of a covey of willow grouse that were feeding on the tiny fruit of a crab-apple tree. The call was answered by a shyer note from one of the young birds, who probably was being taught the scale.

The summer had been one of exceptional dryness. For weeks there had been no rain, and a blazing hot sun had poured its fiery rays from a cloudless sky. The heavy mountain dews could not penetrate the close standing timber, and the carpet of needles and moss became dry as tinder. A pall of smoke, from fires raging on the Coast, hung over lake and mountain.

For Wilkinson and his men there were anxious days. They covered the section between the mill and Squamish twice a day, scanning the hillsides and valleys, ever watchful, ever on the alert, pleading and exhorting the settlers and loggers to greater vigilance, and all the while praying fervently for rain.

Donald had posted a notice that any employee found smoking in the woods would be immediately dismissed. Logging creates a vast amount of debris, or "slash," as it is known to the men of the woods. With the assistance of the Forestry men, Donald's crew had piled enormous

heaps of slash on the hillside, awaiting a favourable opportunity to burn. These menacing piles of brush, extending along the main road for a quarter of a mile, were a constant source of danger. Every precaution, therefore, was taken. The spaces between the mounds of brush were raked clean, the road was patrolled day and night, and paths filled with water were placed at regular intervals. Special notices stating the great danger of fire, and warning not to smoke in this area, were posted conspicuously on trees and stumps.

The mill at Cheakamus had closed. Sparks from the donkey engines had threatened the extinction of both plant and timber.

Donald with Wilkinson stood surveying the pile of dangerous waste. "If a fire starts and we can get to it as we will be all O.K.," said Wilkinson, "but if it ever gets away from us here," pointing down the road, "no human agency can stop it."

They made the rounds of the patrol to satisfy themselves that the watchmen were attending to their duties. Leaving the main road, they scrambled through the tangled masses of tree-tops to ascertain how far distant the slash had been removed from the standing timber. Suddenly a tiny wisp of smoke was seen to

drift from behind a fir tree at the edge of the clearing. Without comment, both men broke into a run.

Aroused by the crashing footsteps, a young man, who had been lying stretched lazily on the soft moss, came quickly to his feet, a cigarette held in his fingers. His companion, also smoking, with his back against the bole of a tree a few feet distant, fishing rods, creels, land-nets and the remains of a lunch lay scattered on the ground.

"Don't you know better than to smoke here?" blazed Wilkinson. The bystander brazenly replaced the cigarette between his lips. Wilkinson's arm shot forward like a flash to pluck the offending weed from the mouth of the astonished youth. "If with me had a law to prevent smoking in the woods, I would take great pleasure in arresting you," he growled savagely as he pinched the fire from the cigarette and ground it under his heel.

Unnoticed by the Forest Ranger, the second man removed his cigarette furtively and with a flirt of his hand threw it behind him as he rose to his feet.

"You are too damned officious! You have no authority to prevent us smoking," he said angrily, as he clenched fists he advanced telligently.

Wilkinson was near the breaking point. The weeks of worry, the long hours of arduous toil, and the lack of sleep had frayed his nerves. "Damn you!" he flared. "It's a fight you want—?" He broke off suddenly, his eyes wide and staring. "My God! look!" he shouted. A flare of flame shot from the spot where the second man had thrown his cigarette. The forest fire had started, rustled through the trees to fan the flame to a drumming roar as a pile of slash caught fire. The Red Terror was loosed.

"The alarm!" cried Wilkinson. "Fire!" shouted Donald, as he stumbled to the road.

"Fire!" repeated the nearest patrolman.

"Fire!" rang the cry down the line until the call reached the mill, and every whetstone was loosed in a frenzied bedlam of sound to blanch the cheeks of these hardy men, who knew the awful terror of this devastating, devouring, fiery scourge that blazes the wilderness with smoke and ashes and takes its toll of both man and beast. Men dropped their tools and ran to answer the call.

The trapper's dugout shot swiftly across the lake.

Comme lay reading in the shade of her cabin, she came to her feet at the whistle's first call for help. A moment later, seated astride her cayuse, she was galloping down the hill.

Every man, regardless of position, answers the call to fight fire. When a forest fire is raging, the forest ranger is an absolute sovereign. He can call the lawyer from his desk or the labourer from the ditch, but seldom does he need to exercise this power, as every good citizen is willing to help stave the deadly scourge. Meanwhile the fire was leaping from heap to heap of the powder-lake slash to cross the road and sweep up

the hill with incredible speed. With a throbbing roar it hissed to the tree-tops and rushed up the mountain. Blistering smoke enveloped the fire-fighters. Showers of burning bark pelted them from above.

"To the mill!" Wilkinson shouted: "we can do nothing here."

The men at the mill filed silently to their stations, and the big hoses poured torrents of water on roof and wall. Big jets curved up the hill to drench the dry, hot earth.

In short, quick sentences Wilkinson outlined his plans.

"We will try to stop it on the north at the river, on the south with fire-breaks, and at the track on the east by back-firing. On the west we have to let the fire take its course until it burns itself out on the cliff above." His voice rose in sharp command as he sent the men to their posts. Donald, with twenty men, under him was set to work digging a fire-break on the south side. A "fire-break" is made by spading up the leaf-mould and humus down to the mineral soil and raking all inflammable material back from each side.

The fire was advancing rapidly and the heat was terrific. Choking and gasping in the stinging restful smoke, the men strove in frenzy of haste to complete the fire-break before the flames should reach them.

A deer with a fawn at her heels came bounding in terror through the screen of smoke. Grouse and snags made a common escape from a common enemy feared by all. Rabbits, wild-eyed, scuttled in fear. Squirrels and chipmunks joined in the hurried flight. Many of these smaller birds and animals would be flanked and lost.

Connie, proud that she could be of assistance, dashed back and forth carrying messages for Wilkinson to the different fronts.

(To Be Continued.)

### Recipes For This Week

(By Betty Barclay)

#### ECONOMY PUDDING SAUCE

- 1 tablespoon cornstarch.
- Few gratings lemon rind.
- 1 cup sugar.
- 1 cup boiling water.
- 2 tablespoons butter.
- 2 tablespoons lemon juice.
- Few gratings nutmeg.
- Few grains salt.

Mix cornstarch, lemon rind and sugar; add water, gradually, stirring constantly, and boil five minutes. Remove from fire; add lemon juice, butter and seasonings.

#### BOW-MAN'S BAKED HAM

- 1 thick slice of ham.
- 2 apples.
- $\frac{1}{2}$  cup neektars raisins.
- $\frac{1}{4}$  cup brown sugar.
- $\frac{1}{4}$  cup water.

Place ham in baking dish, cover with raisins, then with apples cut in slices. Sprinkle sugar on top, add water, cover and bake in moderate oven 45 minutes or until ham is tender.

Corn is painful growth. Holloway's Corn Remover will remove them.

### Making Movies Educative

Bulgarian Ministry of Education Supports Well Equipped Picture Department

Bulgarian Ministry of Public Instruction, has presented a new bill to Parliament providing for the encouragement for all moving picture houses. The Ministry of Education has a moving picture department, supplied with automobiles, films and other necessary equipment, as well as lecturers. Picture units work among the remotest towns and villages, giving shows in the open village squares. But they are altogether insufficient, and the Government wants to expand the movement.

A good seat in a good movie theatre in Sofia costs 10 cents. In the school movie shows a child may get a good seat for two cents and an adult for three. School children are not permitted to go to any movie at night.

#### Canada Leading Customer

Exports of Ayrbahres from Great Britain last year totalled 176. Canada was, as formerly, the leading customer, taking in all 93 head. Exports to other countries were: Kenya Colony, 31; South Africa, 14; Denmark, 13; South Africa, 12; United States, 11, and Ceylon, 3.

Aluminium street cars, lighter and quieter than the heavy steel cars now in general use, are being tried in several cities in the United States.

Black peppermint was first grown commercially about 60 years ago and has now almost entirely superseded the white.

## SUN LIFE ASSURANCE COMPANY OF CANADA

## A TOWER OF STRENGTH

1928	
Assurances in force (net)	\$1,896,915,000
An Increase of \$408,925,000	
New Assurances Paid for	441,244,000
An Increase of \$112,836,000	
Total Income	144,747,000
An Increase of \$41,972,000	
Surplus earned during the Year	40,264,000
Payments to Policyholders and Beneficiaries	49,920,000
Surplus and Contingency Reserve	66,938,000
An Increase of \$9,157,000	
Total Liabilities (Including Paid up Capital)	422,020,000
Assets, at December 31st, 1928	489,958,000
An Increase of \$87,632,000	
Rate of Interest earned on mean invested assets (net)	6.58%

### DIVIDENDS TO POLICYHOLDERS INCREASED

FOR NINTH SUCCESSIVE YEAR.

The Company has increased the practice of paying a special maturity dividend on participating policies, ten or more years in force, terminating by death or maturity.

### EXTRACTS FROM DIRECTORS' REPORT

... After deducting amounts re-assured, the total assurances in force now amount to \$1,896,915,934.57, an increase of \$408,925,254.48. Policies in force number 633,240, and in addition 156,293 certificates of assurance are held by employees of corporations and firms under the group plan.

While every field of operation contributed its full share to these impressive advances, the rapid development of our business in Great Britain and the States especially noteworthy. The generous reception of our Company in countries served by powerful domestic institutions is particularly gratifying, testifying to widespread appreciation of our record and services.

... The amount paid to policyholders since organization, together with the amount at present held for their security or benefit, exceeds the total amount received from them in premiums by \$111,730,229.10.

The strength and resources of the Company have been still further enhanced.

The net rate of interest earned on the mean invested assets, after making provision for investment expenses, has risen to 6.58 per cent. Dividend increases, bonuses and stock privileges, accruing on many of the Company's holdings, contributed substantially to this gratifying result.

A net profit of \$1,028,534.59 has been realized from the redemption or sale of securities which had risen to high premiums.

The securities listed in the assets have been valued at figures substantially below the value placed on them by the Government.

This under-valuation of our securities represents an important safeguard against possible adverse market fluctuations, additional to the reserves specifically provided against that contingency.

We are again able to report that on the bonds and preferred stocks listed in the assets, not one dollar,

des either as interest or as dividend, is at arrear for a single day; while the dividends accruing to common stocks exceed by several million dollars those payable on the same stocks at the time of purchase.

The surplus earned during the year, based on the values given in the accounts, amounted to \$40,264,000.

\$10,000,000 has been deducted from the already heavily marked-down value of securities, as additional provision against possible fluctuations, increasing the amount so set aside to \$50,000,000.

The special amount set aside as a liability to provide for unforeseen contingencies has been maintained at \$12,500,000.

\$15,823,359.65 has been paid or allotted as profits to policyholders during the year.

After making all deductions and allocations, \$7,157,666.34 has been added to the undivided surplus, bringing the total over liabilities, contingency accounts, and capital stock, to \$54,438,862.48.

The continued prosperity of the Company enables your Directors to announce, for the ninth successive year, a substantial increase in the scale of profits to be distributed to participating policyholders during the ensuing year.

In addition, your Directors have inaugurated the principle of granting a Special Dividend on participating policies maturing after having been in force ten years or longer. This new bonus will enable policyholders or beneficiaries whose withdrawal is occasioned by the maturity of policy contracts, to participate in the accumulated surplus which it has not as yet been considered prudent to divide.

The effort to provide life assurance at the lowest net cost obtainable has been increasingly appreciated.

Our policyholders will be gratified by this further evidence of our desire that the Company's prosperity shall be fully shared by its members.

## SUN LIFE ASSURANCE COMPANY OF CANADA

### Three Hazardous Jobs

Railroad Worker, Steel Worker, and Miner Are Great Chances

The three most hazardous jobs in America are those of the steel worker, the railroad yard worker, and the miner, reports the Bureau of Labor Statistics. Other hazardous occupations are glass blowing, slaughtering, and meat packing, and work in lumber planing mills.

During the last year the number of accidents were reduced in almost every industry. However, one worker in 16 suffered injury, losing an average time of 71 days. For every fatal accident there were 155 minor ones. The total time lost during the year due to accidents was more than 19,265 years.

### Mrs. Sam Speers Tells How Cuticura Healed Her Baby

"When baby was three days old he started to break out with eczema. It began with very small pimples which later faded and broke and then scaled over. When he was twelve days old he was almost entirely covered with eruptions. The affected parts seemed to itch and burn so that I had to keep him on his hands to prevent him scratching his face.

"My neighbor advised me to try Cuticura Soap and Ointment. He seemed to get relief after the first treatment, and two more he was completely healed." (Signed) Mrs. Sam Speers, Inlandville, Alberta.

Cuticura Soap, a world-famous aid to health, cleanses and purifies the skin and hair, restoring them to their natural, clear and wholesome beauty. Its daily use maintains them in a delightfully healthy condition.

Buy Mr. Cuticura at 25c. the Tube, Mr. Soap at 25c. the Box, and Mr. Ointment at 25c. the Jar. Sold Everywhere. Cuticura Shaving Stick 25c.

### Little Helps For This Week

"Truth shall be they shiled and buckler."—Psalms xci, 4.

Get but the truth once uttered, and it is like

A star new-born that drops into its place, And which, once circling in its placid round, Not all the tumult of the earth can shake.

—James Russell Lowell.

Delight no less in truth than life. —Shakespeare.

Goldsmith: For my part, I'd tell the truth and shame the devil.

Johnson: Yes, sir; but the devil will be angry. I wish to shame the devil as much as you do, but I should choose to be out of the reach of his claws.

Goldsmith: His claws can do you no harm when you have the shield of truth.—Boswell's Life of Johnson.

### Roads in Canada

A total of 6,020 miles of road was constructed during 1927, and 44,416 miles were maintained under provincial patrol or gang maintenance systems.

There is coal in almost all of the islands of the north and much of that area is favorable to mineralization, in the opinion of George F. Mackenzie, former gold commissioner in the Yukon.

Hurricanes which blow at a rate of 80 miles per hour exert a pressure of 32 pounds per square foot.

Success is not made by lying awake at night, but by keeping awake in the daytime.

Minard's Liniment For Coughs and Colds.

### To Boost Edmonton

New Industrial Association Has Been Organized. To Encourage Industry.

A new association has been formed in Edmonton under the name of the Edmonton Industrial Association, of which J. B. Starky, of the Penn Mine is president, and W. R. Howson, local barrister, vice-president. The association gave a get-together dinner recently, which was attended by 150 business men. The object of the organization is to patronize Edmonton-made goods and to encourage industries in this city.

INTESTINAL flu, high blood pressure, nervous disorders—how careful one must be to avoid these dangerous ailments at this time of the year. Keep the system clear of poisons and impurities. Tonic up the liver, prevent bile stagnation and intestinal lethargy. Let Mariatt's help you. It helps thousands every year to ward off illness and disease.

Five Dollars Recommended and sold by all leading druggists. J. W. MARIATT & Co. Ltd., Laboratories, Toronto. Write for uncoloured testimonials.

## FLU Germs Breed In the Throat.

First Appear As A Common Cold, But Gain Tremendous Headway In Six Hours

### SOME SIMPLE PRECAUTIONS AGAINST INFLUENZA

Simple precautions taken now will enable you to fight deadly "Flu" with a sweeping rapidly through the whole country. The germs of Influenza gain access to the body through the mouth and throat. Keep the throat healthy and you go a long way towards stopping the trouble. An effective means of prevention is to gargle the throat three or four times daily with Nerville's. Half a teaspoonful of Nerville's in water makes a most efficient gargle. The germ-killing properties of Nerville's quickly destroy any bacteria in the mouth or throat. If the chest is sore, if the throat is hoarse, if you have a cough—be sure to rub the neck and chest with Nerville's. Every drop of it will rub in, and out will come the congestion.

Of course it is absolutely necessary to house-clean the system with Dr. Hamilton's Pills which stimulate the eliminative organs and rid the system of the poisons. This combination treatment of Nerville's and Dr. Hamilton's Pills will give prompt and entirely satisfactory results.

## LITTERED STREETS

The days of annual spring clean-ups in countless American cities are here. For seven days civic pride will stir. Backyards, basements and public places will be stripped of their disfiguring litter. Then, a week or so later, the bits of dirty and torn paper will begin to fly about again, and before long the streets will be as untidy as before.

Most communities would be horrified if any one suggested tossing the garbage out into the lawn or into the street gutters. Yet even in residence sections one can find in almost any town or city at almost any time, the litter of discarded newspapers, empty bags, torn wrapping paper and so on. Occasionally a citizen is seen who pushes the paper he is through with into the rubbish box provided for such things, but more often one sees him drop it at his side in the streets. Not so much rubbish is deliberately thrown into the streets in residence sections, but the litter appears there just the same. Much of the advertising matter distributed from door to door is never picked up and taken into the house. It blows from porch to yard and then starts its career of clinging to hedges or fluttering across the lawns.

Clean-up week is a fine institution, as far as it goes. The insulation of those seven days needs to begin earlier and last longer, however, if Canadian cities are to rid themselves of this disgrace to their civic enterprise.

HILLCREST TENOR  
DEEPLY MOURNED

In connection with the tragic death of Cecil Rees, the Lethbridge Herald correspondent has the following to say:

"The death of Cecil Rees was a most unfortunate tragedy, for this promising young man had, on the evening preceding his fatal accident, given vocal items in the concert in connection with the St. David's Festival. In fact, he excelled on the occasion, and it was more than an ordinary coincidence that his last item was: 'In Happy Moments, Day by Day the Sails of Life May Pass,' the baritone solo from 'Maritana'."

"While his brilliant singing was being appreciatively discussed by his fellow countrymen the news of his accident came to shock this little mingling camp."

"Cecil was struck by a piece of rock while following his occupation as a coal miner at Hillcrest mine on Saturday afternoon, and passed away just twelve hours later on Sunday—a day on which it had been arranged for him to take part in a religious service at Blairmore."

"Cecil Rees had an outstanding personality that impressed everyone with whom he came in contact. He was also a tenor singer of exceptional brilliance."

"He was one of five brothers in the Hillcrest Concert Party, and there are five younger brothers at home in the Old Country with his widowed mother and sister. An item that was ever popular with concert audiences was his duet accomplishment with his brother Edgar, who is a tenor of note, having had the privilege of appearing before His Majesty the King. The two remaining brothers, Mavis and Percy, work at Hillcrest and are also tenor singers. As a soloist, Cecil Rees was without a peer, and his loss is a decided blow to the Press and will be felt for some time."

PER CAPITA WEALTH  
HIGH IN ALBERTA

Alberta stands second among the provinces of the Dominion in its per capita national wealth, being second in this respect only by British Columbia, according to figures just issued by the Dominion Bureau of Statistics. As regards the provincial distribution of wealth, Ontario ranks first with an estimated agricultural wealth of \$9,129,153,000 and Quebec second with an estimated wealth of \$6,655,185,000. The western provinces, however, lead in per capita wealth. British Columbia holds first place with a per capita wealth of \$3844, Alberta second with \$3606, Saskatchewan third with \$3539 and Manitoba fourth with \$2967. These figures may be compared with \$2962 for Ontario, \$2595 for Quebec and \$2842 for the per capita wealth for the whole Dominion.

## Friday and Saturday

Remember the whist drive and dance to be held in the Lodge Hall on the night of Wednesday, March 27th, under auspices of the Blairmore First Aid Association.

BLAIRMORE UNITED CHURCH  
Rev. J. W. Smith, R.D., Pastor

Serve the church that the church may serve you.

Services for Sunday, March 17, the Pastor in charge:  
SENIOR SCHOOL at 11 a.m.  
JUNIOR SCHOOL at 2 p.m.  
EVENING WORSHIP at 7.30 p.m.  
The Pastor will continue the series of sermons on "The Great Hymns of the Cross." Sunday: "Rock of Ages, Cleft for Me."

INSTITUTE OF MANUAL  
TRAINING AND HOME ART

Jesuo-Art-Craft class meets Monday at 7.30. You can take up this work at any time. There is no lecture. Each one receives personal instruction. Make what you like, pay for the material you use. A class fee of \$2.00 is charged toward rent, etc.

The regular meeting of the town council will take place on Monday night next.

## LIBRARY OPENING

SATURDAY NEXT, MARCH 16, 2 to 5.30 and 7 to 9 p.m.  
Junior members have signatures of parents or a citizen. Annual fee \$1, payable in advance.  
We acknowledge fifteen volumes of "Historical Tales" from Mr. A. Hamilton. Also the gift of a Revolving Book Case from Mr. Gillis.

## ST. LUKE'S, BLAIRMORE

Services as follows:  
Sunday, March 17—Holy Communion at 11.15 a.m.

Sunday, March 24—Matins at 11.15 a.m.

Sunday, March 31, Easter Day—Holy Communion at 9.30 a.m. Evening at 7 p.m.

Choir practice every Friday at 7 p.m. Litany and address at 8 p.m.  
The Junior Guild will hold a tea for their mothers on Thursday, March 21st. There will be a silver collection.

There will be an evening service on Good Friday and no choir practice.

—A. D. CURRIE, Incumbent.

The two opposition leaders have suggested almost everything for the minister of health except a vacation at Ponoka—Bassano Mail.

Hon. Charles Stewart's department intends taking a forest inventory of the Dominion of Canada.

## COWLEY HAPPENINGS

Mrs. Percy Daniels and son, of Calgary, are visiting here at present.

Mrs. Ralph Easterbrook, of Calgary, is paying her mother, Mrs. Cowin, a visit.

Owing to an epidemic of mumps in Pincher Creek, Miss Helen Morrison, of the teaching staff there, is home for a two weeks' vacation.

Miss Martha Tustias, of Pincher Creek, is on the sick list. We are glad to say that she is now on the mend, but will be confined to her bed for another couple of weeks.

A court whist drive was held at the home of Mrs. M. A. Murphy on Friday night last, in aid of the cemetery fund. Around ten and a half dollars was realized. The prizes were won as follows: ladies' first, Mrs. Archie Swart; second, Mrs. H. C. Morrison; gent's first, Mr. J. O'Connell; second, Mr. T. Shepherd. Refreshments were served after the drive. A very pleasant evening was spent.

Radio owners are reminded that the renewal of their licenses becomes effective on April 1st. Failure to comply with the law might entail a fifty-dollar penalty. Licenses are obtainable from the R.C.M.P.

Girls are crazy about clothes, of course; but very few are wrapped up in them.

We understand that the new section of the main highway, extending for about two miles east from Crow's Nest, will be opened to traffic this week end. Travel over the west lake is now considered unsafe. Roads are good from Crow's Nest west and from Glacier Creek east.

The old Belmont hotel at North Sydney was totally destroyed by fire on the morning of February the 27th. The building had served the public for sixty-one years.

Dominion of Canada Income Tax Information Reports  
Are due March 31, 1929

This advertisement is directed to:

Trustees  
Employers  
Corporations

Do not incur the penalties which the law imposes for delay.

What is Required of  
Persons Acting as  
Trustees

All trustees, executors, administrators, assignees, receivers or persons acting in a fiduciary capacity are required to make a detailed return of the income of the estate or trust which they represent.

This return should be made on Form T3.

What is Required of  
Employers

Each employer in Canada must make a return giving particulars of salaries, wages, commissions, fees, bonuses and other remuneration of all directors, officials, agents, employees, professional men or other persons who received \$1,000 or more during the calendar year 1928, and who were paid at a rate of wage or salary (including bonus) equal to \$1,500 or more per annum during the same period.

Locations of Income Tax  
Offices

Inspectors of Dominion Income Tax are located in convenient places throughout Canada. They will gladly supply you with the proper forms upon which to make returns. Consult the Income Tax Office nearest to you. Address "Inspector of Dominion Income Tax." The office nearest to:

Halifax	New Brunswick
St. John's	Quebec
Quebec City	Quebec
Montreal	Quebec
Ottawa	Ottawa
Kingston	Ottawa
Bellevue	Ottawa
Hamilton	Ottawa
London	Ottawa
Port William	Ottawa
Windsor	Windsor
Regina	Saskatchewan
Prince Albert	Saskatchewan
Calgary	Alberta
Edmonton	Alberta
Victoria	British Columbia
Donau	Yukon Territory

Employers should ask for Form T4.

What is Required of  
Corporations

Every corporation in Canada is required to file a return of its dividends or shareholders' bonuses paid or credited during the calendar year 1928.

This return should be made on Form T5.

## Get Your Forms at Once!

Blank forms may be obtained by writing your nearest Inspector of Dominion Income Tax, or Postmaster, or the Income Tax Division, Department of National Revenue, Ottawa. The addresses of inspectors are given herewith. Full instructions appear on each form.

Do not delay because of the absence of officials who generally sign such reports. Any responsible member of a firm or corporation, or any person acting as agent for the trustee, may sign these returns and so avoid the penalty.

March 31 is the last day for making information reports required under the Income War Tax Act.

The Income Tax Division respectfully asks for the fullest cooperation of taxpayers required by law to make these returns.

THE DEPARTMENT OF NATIONAL REVENUE  
Income Tax Division

Honourable W. D. EULER,

Minister of National Revenue.

C. S. WALTERS,

Commissioner of Income Tax.

HONOURABLE W. D. EULER  
Minister of National Revenue

#### INCOME TAX

Once again, Hon. W. D. Euler, minister of national revenue, is using newspaper advertising to assist taxpayers in complying with the requirements of the Dominion Income Tax Act.

In this issue an advertisement appears reminding the public of the law which stipulates that certain information must be in the offices of the Income Tax Inspectors by March 31st next. This information is required from employers, corporations and trustees or persons acting in a fiduciary capacity. It applies to year ending December 31st, 1928.

For instance, employers have to file a return giving the amounts paid each person in salaries, bonuses, commissions, and fees where the amount was \$1000 or more or where the salary or wages was at a rate of \$1500 or more. Corporations have to file the names of those who were paid dividends, whether in cash or stock, and the amount of each. Persons acting in a fiduciary capacity, such as assignees, executors, administrators, receivers, trustees, are required to file details of the trust they represent, together with the names of and amounts paid to beneficiaries.

Those mentioned in the act as having to produce this information are asked to secure the proper forms from the nearest Income Tax Office, fill in their forms according to instructions, and mail them to the Income Tax Inspectors at these offices before March 31st. These forms are known as T3 for persons acting in a fiduciary capacity, T4 for employers and T5 for corporations. Each form contains complete instructions about what the law requires. These are information forms only, and no cheques are sent with them.

Officials of the department fully appreciate the trouble required in making out these forms, but are doing everything in their power to facilitate matters by reminding the public in plenty of time respecting the demands of the law.

The total collections under the Income Tax Act for last year are some millions of dollars ahead of the year before, in spite of a ten per cent reduction in the tax. Mr. Euler attributed this increased collection to three things: More efficient methods of collection; the increased prosperity of the country, and advertising.

Vice-president Frank Leary, of the Mine Workers' Union of Canada, is down from Calgary this week on official business.

A young man in Newfoundland is reported to have killed a seal in a garden with a picket, while returning home from a visit to his lady friend. It pays to go courting in Newfoundland.

A very pleasant social party was held in the Lodge Hall on Friday night last, under the joint auspices of Livingstone Lodge, K. of P., and Greenhill Temple, Pythian Sisters, when about forty members and their friends were in attendance. Twelve hands of whist were played, following which prizes were awarded and supper was served. A feature of the supper hour was the presentation of silverware to two members of the Pythian lodge, who had during the past few months strayed from the smooth trails of bachelorhood; also the presentation of a past-chancellor's jewel to Mr. John C. Anderson, who for the past five years or more had faithfully and well filled the office of master of finance, qualifying him for the highest honor the lodge could confer. Dancing followed for a couple of hours, interspersed with games, singing, etc.

#### Unreserved Auction Sale

14 Horses, 35 Cattle, Poultry, Tractors, Farm Implements, Furniture, Grain, Etc.

Mr. J. J. Dugan has leased his farm and has instructed me to sell by Public Auction at his ranch, located 4 1/2 miles northeast of Pincher Station, on Monday, March 18th, commencing at 10 a.m. sharp, the following: 14 horses, 35 cattle, 100 hens, tractors, farm implements, furniture, grain, etc. For items, see large bills. Terms cash.

J. J. DUGAN, Owner.  
H. D. GERRY, Clerk.  
Auctioneer.

Many a bachelorship has been wrecked by a permanent wave.

A real pessimist is a man who expects to find microbes in kisses.

Teacher: "Now, James, name America's greatest general?"

James (the son of a broker): "General Motors."

A Fernie man claims that his girl friend is the champion high stepper, because she caught her toe in her skirt the other day.

A dance will be held in the Union hall at Hillcrest on the night of April 1st, under the auspices of the girls of St. Theresa's congregation.

Members of the Blaimore intermediate championship hockey team were accompanied to Nanton yesterday by a real crowd of supporters.

Mr. W. E. Lord, of Red Deer, has accepted a position with the R. J. Whitlaw Co. of Winnipeg, as supervisor of their stores in Western Canada.

Members of the Peigan Indian hockey team motored to town from Brocket on Monday evening and were interested reserved-seat spectators at the hockey game.

Temperance Lecturer: "If I lead a donkey up to a pail of water and a pail of beer, which will he choose to drink?"

Soak: "The water."

Lecturer: "And why?"

Soak: "Because he is an ass."

Last week we advertised for the first robin, and this morning we were notified by Mrs. Kotas, of Frank, that half a dozen of these harbingers of spring were seen there on Wednesday morning.

The funeral of the late Joseph Semple took place at Hillcrest on Friday afternoon last and was very largely attended. The remains were laid to rest in Hillcrest cemetery, following an impressive service held at the United church.

What is thought to be the world's biggest tortoise arrived at the London zoo recently. It weighed about 300 pounds, is three feet six inches long and is nearly one hundred years old.

The Finest Butter You Can Buy

**In Ancient Armenia**

About the same time that the Greeks had adopted as a national beverage the brew called "Zythum" and "zygura" the Armenians found it to their taste.

It is mentioned in Armenian history, 400 B.C., by Xenophon in his account of the retreat of 10,000 Greeks, who states that the people of Armenia at that time and earlier had used a drink made from barley.

Today malt beverages  
**BEER — ALE — STOUT**  
are considered health  
Drinks.

Where BEER has once been introduced, it has generally become the national beverage.

### Maintain The Quality Of Alberta's Crop

#### BETTER SEED

means

Better Yields — Better Grades — Better Prices

A special committee appointed by the Minister of Agriculture, with the co-operation of numerous organizations in the province, is urging the use this spring by farmers throughout the province of High Quality, Clean, Treated Seed Grain in order to reduce the heavy annual losses sustained by sowing inferior seed.

#### FARMERS CAN CO-OPERATE BY:

1. Using registered seed wherever available.
2. Using at least high quality commercial seed.
3. Having seed tested for germination and purity.
4. Treating seed for smut.
5. Thoroughly cleaning all grain intended for seed.
6. Seedling only varieties of recognized quality and varieties suitable to the district.

Good seed will be in demand this spring. Secure your requirements early—before the supply is exhausted.

U.F.A. Local, Board of Trade, the Wheat Pool, Banks, Commercial Grain Firms, the press, and many other organizations are working in co-operation with a—

#### BETTER SEED COMMITTEE

consisting of representatives of the Provincial Department of Agriculture, the Dominion Seed Branch, the Canadian Seed Growers' Association, the Alberta Seed Growers' Association, the C.P.R. Agricultural Department, and the University of Alberta.

#### THEY MUST ADVERTISE

During this year the F. W. Woolworth company, conducting a great chain of retail stores throughout North America, will spend \$3,000,000 on newspaper advertising. It is the first time in the history of the company that any such action has been taken. The ordinary citizen, if he thought at all, doubtless concluded that the company was so well known that advertising on a national scale

would simply be a waste of money. The same men who have made millions out of nickels and dimes are the ones who have decided on this expenditure. They are astute business men, careful not to spend money from which a good return cannot be expected. They realize that "It pays to advertise" is something more than a catchy title for a stage comedy.

An Epitaph  
Here is an epitaph on a tombstone

in the old parish churchyard at Cheltenham, England:

"Here lie I and my three daughters,  
Who died from drinking Cheltenham waters.  
If we had only kept to Epsom salts,  
We wouldn't be lying in these vaults."

#### LET'S HOPE SO

An estimated available supply of sixty billion tons of coal in the prov-

ince of Alberta should satisfy even the most pessimistic that coal production of the province is still in its infancy. At the present rate of production the known supply will not be exhausted for over one thousand years, but experiments now being conducted throughout the world may result in rapid development of the coal areas for the purpose of extracting by-products.

It is possible that within a few more years the coal areas of the province will develop into large industrial centres producing a wide range of by-products from the natural resources, and instead of being a seasonal occupation, the mines will be working steadily throughout the year.—Drumheller Mail.

#### ANIMALS IN FOREST FIRES

It is generally known that horses in a fire present a difficult problem, for they seem determined to stay and be cremated. But many other creatures manifest this same self-destructive perverseness. The law of self-preservation receives many refutations in a forest fire.

Doves nesting in the grass are always victims of a fire. They may circle the nesting spot for a while, then they will sweep down into the fire and be burned to death. A definite check on a California fire recently showed that 100 deer, 2000 quail and more than 2000 rabbits were destroyed. Quail fledglings will refuse to come out of a fire, and the mother, after a vain attempt to coax them out or drive them, will invariably perish with the brood. Deer often run right into the heart of the blaze and, of course, are cremated.

If the fire happens to sweep over a watershed it means certain death to thousands of trout and other game fish. The heat becomes so intense that they are literally cooked in the

small streams. If the heat fails to kill them, the chemicals deposited in the water from cinders, ash and other bits of debris that fall into the streams usually kill the fish.

#### "GOD—GIVE US ELEVATORS"

(From The U.F.A. Magazine)  
"God—Give us elevators, a time like this demands  
Our own facilities." Thus ready hands  
Are raised in supplication to the powers  
That be. "Houses," say they, "whose towers  
Shall rise from every siding in the West;  
Houses well manned by honest men of zest;  
Houses where overages shall be no more;  
Where charges won't accrue for grain in store;  
Where grades and dockage shall be based on right;  
And all are equal in the agent's sight;  
God—Give us elevators. Amen.

#### Properly Stung

Sandy bought two tickets for a raffle and won a \$1500 car. His friends rushed up to his house to congratulate him, but found him looking as miserable as he could be. "Why, Mon, what's the matter with ye?" they asked.

"It's that second ticket. Why I ever bought it I canna imagine!"

A young man was being questioned by a life insurance official about his family's health. He was asked: "Of what did your grandfather die?"

The applicant hesitated a few moments and then stammered out: "I—I'm not sure, but I think he died in infancy."

Dissatisfied Clerk: "Look here, sir, I've been doing the work of three for some time now and I want a raise."  
Scotch Employer: "I canna gie ye that mon; but if ye'll let me have the names of the other twa, I'll sack 'em."

#### Flourishing Industries

Teacher: "What is Boston noted for?"  
Johnny: "Boots and shoes."  
Teacher: "Correct. And Chicago?"  
Johnny: "Shoots and booze."

It Happened in Blairmore  
Customer: "What is the charge for this battery?"  
Eddie: "Six volts."

#### Here and There

245  
In 1921 the Canadian Pacific paid out \$2,000,000 from its freight revenue in loss and damage claims. In 1927 it paid \$700,000, a decrease of \$1,300,000, although in the same period the gross freight revenue had increased by \$15,000,000. Better freight handling did it.

The stonework and roof of the partitioning of the Royal York Hotel have been completed, and there appears every likelihood that the great building will be open to the travelling public by June 1. This hotel is the largest and tallest in the British Empire.

Some idea of the world-wide area over which the Canadian Pacific operates may be gathered from the fact that in making out its monthly balance it is necessary to turn fifty-nine different foreign currencies into dollars in order to get an accurate result in Canadian money.

Wireless is now being used to aid in the protection of forests against fire. The Ontario Provincial Forestry planes are equipped with the latest apparatus with a radius of 400 miles, so that the headquarters may be readily communicated with and immediate steps taken upon the discovery of an outbreak.

"The principle of rapid freezing has such qualifications that there seems to be little room for doubt that it is going to revolutionize the fishing industry," stated W. A. Pound, deputy minister of fisheries. "We intend to make two experimental stations at Halifax of the utmost value to the whole industry."

W. J. C. Madden of Calgary, is making arrangements with the Canadian Pacific Express Company for the transportation of whitefish caught in Great Slave Lake from Edmonton to Chicago. It is intended that the distance from the fishing grounds to the head will be covered in winter by five-ton trucks operating upon the thick ice of the Slave and Athabasca Rivers, traversing country that would otherwise be difficult to cross.

A new and strange form of wildfowl is being imported into Alberta by the Calgary Hunt and Game Association, which has arranged to secure 2000 Mongolian and Chinese ring-necked pheasants. The birds are to be liberated this summer throughout the southern part of the province, where 1800 were placed last season as part of the Game Association's plan to restore Alberta's game bird supply. With all these Oriental birds loose the ancient Yellow Peril seems more imminent.

Clipping as much as an hour and a half off her schedule eastbound, and half an hour westbound, the Trans Canada Limited, crack flyer of the Canadian Pacific Railway running between Montreal, Toronto, and Vancouver, will be further remarkable this summer by reason of a "solarium" car, containing baths and a special sun-room, that will be included in her luxurious equipment. The Mountaineer, another speedy summer train, running between Vancouver and Chicago will also have "solarium" cars, and run on faster time. The Trans Canada makes its first run on May 12, and The Mountaineer on June 10. The former train makes 140 trips during the summer season covering a distance equal to about fifteen and a half times around the world.

Customer: "Well, how much is that in Canadian money?"

# HERE ARE THE FACTS

## Read Them!

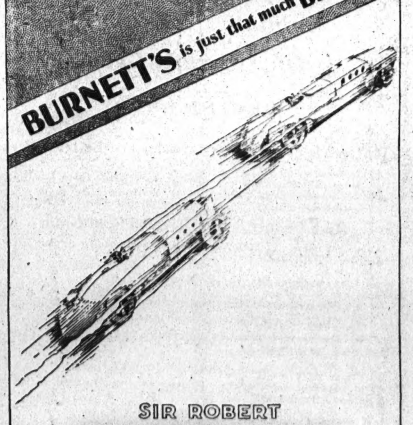

Many people buy without investigating facts and on snap or emotional judgment. Every year it is estimated a million car buyers change their ideas on their car after they have had it six months. Consider the following facts before purchasing your next car—and then decide for yourself which car offers the most value for the money.

1. Do you know that no car under \$2000 outside of Ford is putting on Houdaille Double Acting Hydraulic Shock absorbers as standard equipment?
2. That no car under \$1500 except Ford has triplex shatterproof windshield glass as standard equipment?
3. That Ford is the only car under Buick with three-quarter floating axle.
4. That Ford is the only car under Buick with Torque tube and radius drive construction.
5. Ford is the only car under \$1500 with five-bearing transmission.
6. That the New Ford has 25 roller and ball bearings in its chassis.
7. Ford is the only car under \$1500 with three-quarter irreversible steering system.
8. That Ford is one of few cars built today that has five-steel-spoke wire wheels as standard equipment.
9. That Ford is the only car under highest priced cars with silent six-brake, internal expansion all-enclosed system.
10. That wrist pins in motor are machined to .0002 and are of full floating type.
11. That aluminum alloy pistons are balanced to an accuracy of two grams. This is the finest balance of any piston in any car regardless of cost.
12. That when car is travelling 50 miles per hour—the revolutions per minute of motor is only 2063.
13. That gear ratio of New Ford is 3.7.
14. That the actual road clearance of New Ford is 9 1/2 inches—highest of any American stock car.
15. That New Ford has proven itself in public hands this past year as one of the finest performing cars ever built—from standpoint of pickup, hill-climbing ability, speed and riding comfort.
16. That the New Ford car has proven itself beyond any doubt as the most wonderful winter car ever built. It starts easily in cold weather and bucks snow beyond belief—ask the owners.
17. That service and dealer responsibility behind the New Ford is unequalled by that of any other car built.
18. That New Ford holds the road at high speeds as good as cars being sold at highest prices.
19. Lastly—That the New Ford stands out supreme in its field—in mechanical design, specifications, equipment, quality, and precision workmanship.

### Canada's Financial Position.

The financial position of the Dominion of Canada, as revealed by Hon. J. A. Robb, in the budget presented by him to the House of Commons on March 1, is such as to be the source of great satisfaction to all citizens, because, irrespective of party affiliations, every Canadian is intensely interested in the allied subjects of Dominion finances and taxation.

During the year Canada piled up a huge debt for a nation of less than ten million people. The people assumed the heavy burden without grumbling, knowing it to be absolutely necessary, and a price that must be paid to safeguard the liberties of the world, including their own. As war expenditures enormously increased and the debt piled up, it, of course, became necessary to impose much new and heavier taxation, not only to keep the debt as low as possible, but in order to meet heavy annual interest payments on that debt.

Even after victory was won it was necessary to still further increase the debt in order to bring our armies home from Europe, re-establish the men in civilian life, and make provision for huge sums to be paid annually in pensions. Therefore, for some years the debt continued to increase and heavy taxation to be imposed. At one time it almost seemed that, instead of the debt being decreased, it would go on increasing from year to year.

Recent budgets have, however, been most encouraging, and none more so than that of March 1, last. After meeting all expenditures on both current and capital account, Canada rejoices in a surplus of \$70,000,000, the largest ever recorded since Confederation. And this surplus for 1928-29 follows on the heels of a surplus of \$67,000,000 in the preceding year. The net result is that, as loans mature, the Finance Minister is in the happy position of being able to pay them off in cash and not forced to borrow by refunding loans. In other words, the debt is being steadily, even rapidly, reduced. In the fiscal year now closing, Mr. Robb paid off \$53,000,000, and he has cash in hand to pay off another \$60,000,000 which falls due next August. Thus in two years \$113,000,000 is paid off the national debt, and about \$60,000,000 a year saved in interest.

Mr. Robb pointed out that seven years ago, on April 1, 1922, the annual interest charge on the public debt amounted to \$133,452,113, whereas on April 1, 1929, the annual charge would be \$117,142,100, a decrease of \$16,310,012.

This very gratifying reduction has been brought about, not by increasing taxation, but, on the contrary, in the face of a steady lessening of that burden. For example, the sales tax, which a few years ago was six per cent, is now only two per cent; the rate of postage has been reduced from three to two cents; the size of incomes exempt from taxation has been increased, and the rates payable on others reduced; the stamp taxes on receipts abolished and on cheques largely reduced; numerous reductions in customs tariff schedules have been made, and now taxes on telegrams, cables, insurance policies, railway and steamship tickets are to go.

It is not possible, of course, to remove taxation as rapidly as it was imposed during the war years, but every year sees some advance in the right direction made. And every such reduction has had a beneficial effect on the business of the country with the result that the lower rates have brought in revenues only slightly smaller.

Reduction in taxation has been made possible through three main causes. First, the care exercised by Mr. Robb over all expenditures which he has insisted be kept down to the lowest possible point consistent with efficiency and the expanding needs of the country. Economy has not been enforced to the point where development of the country was checked, but expenditures on non-productive services have been kept to a minimum. Second, whereas in 1920, 1921 and 1922, the Canadian National Railways were operated at a deficit amounting in these three years to no less a sum than \$148,000,000, in the year just closed, the C.N.R. not only paid all operating expenses, all interest on bonds and debentures held by the public, but accumulated a cash surplus of \$6,000,000. Third, the substantial increase in the trade and commerce of Canada, assisted by reductions in taxation, and the marked development in all branches of industry, has brought larger revenues to the Government.

And the bright, the promising feature of the situation is that all indications point to a continuance of these same favorable conditions throughout the next fiscal year so that the people of Canada can look forward with a large degree of confidence to next year's Budget disclosing another large reduction in the national debt and still further decrease in taxation.

### For Influenza

The Liniment That Relieves All Ailments

**Highest Timber Line**  
The highest known timber line is on Mt. Orizaba, in Mexico—14,000 feet above sea level. On the Alps, the Himalayas and Rocky Mountains the trees advance somewhat over 10,000 feet toward the mountain tops. The trees at this height appear to be little more than mangled, wind-blown bushes.

### 10,000 Bottles a Day

Every day 10,000 women buy a bottle of Lydia E. Pinkham's Vegetable Compound. They know that there is no better remedy for their troublesome ailments with their accompanying nervousness, headache, "blue" spells, and run-down condition.

Lydia E. Pinkham's Vegetable Compound

W. M. U. 1776

### New Land Under Cultivation

Extensive Areas in Western Canada Are Annually Taken Up. Additional extensive areas are annually brought under farm cultivation in Western Canada. Last year it was estimated a total close to 2,500,000 acres of Canadian Government free homestead lands were taken up by settlers in the four Western Provinces; a total of 15,566 homesteads being filed upon, each of 160 acres, compared with 6,357 in 1927.

There is now one motor vehicle for every 21 of the population of Great Britain.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective, is mild.

### Without Comment

A California attorney sent a manuscript to Ambrose Bierce, with the request that he give her "a criticism in one sentence, and drop further comment." Something was heard to drop all up and down the Pacific coast when he replied: "The covers of your book are too far apart."

Not only does the girl in some districts of Indo-China make the proposal, but with her also lies the initiative for divorce.

Use Minard's Liniment for the Flu.

### Not Waste Of Time

Investigating Breathing Of Bees Discloses Interesting Facts About Health

To spend time investigating the question of the bee's breath may seem superfluous, but scientists have determined that besides giving a clue as to the health of the hive in the winter time and in the summer, the breathing is an index to other interesting facts about the colony. Professor G. H. Vansell, of the University of California, rigged an apparatus by which he could measure the carbon dioxide and the water vapor given off by a colony of bees in both winter and summer.

### Sore Corns Drop Off If You Use "Putnam's"

When you notice any sign of callous on the feet or toes—that's the time to paint on a few drops of PUTNAM'S CORN EXTRACTOR. Do this, and you prevent corns. No matter if the corn is hard or soft. Let it be on top or between the toes. Putnam's will remove it without pain. Insist on PUTNAM'S CORN EXTRACTOR. It does the work—and roots out the corn, quickly and without pain.

### Predicts Library Of Aerial Photographs

May Be Created Within Ten Years Says J. W. Pierce

The creation of a library of one million aerial photographs within the next 10 years to constitute a reference inventory of Canada's natural resources was predicted by President J. W. Pierce, D.L.S., at the annual convention of Dominion Land Surveyors at Ottawa when he said that already 250,000 aerial photographs covering areas from coast to coast had been assembled and placed in use for this purpose under the Topographical Survey of Canada, Department of the Interior.

### BABY'S OWN TABLETS WIN GREAT PRAISE

Many Mothers Always Keep Them In The House

Thousands of mothers state that they know of no other medicine for little ones to equal Baby's Own Tablets—that they always keep the Tablets in the home as a preventive of childhood ailments, or if sickness does suddenly grip their little ones they feel sure with them a remedy at hand.

Concerning the use of the Tablets Mrs. Donor Pendergast, Tinsley, Que., writes:—"I have nothing but praise for Baby's Own Tablets. They are the only medicine I have ever given my two little ones and I am glad to state that the Tablets have always kept them in perfect health. I feel so safe with the Tablets that I always keep a box in the house."

Baby's Own Tablets are a mild but thorough laxative. They regulate the bowels, sweeten the stomach, soothe the bronchial, constipation and indigestion; break up colds and simple fever and make the cutting of teeth painless. The Tablets are absolutely safe, being guaranteed free from all injurious drugs. They are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

### Our Natural Resources

Wonderful National Heritage Of Untold Wealth Awaiting Development

The natural resources of Alberta are an immense treasure trove. Great industries will some day grow up in the Canadian west. Coal, oil, minerals, lumber, water power, as well as rich agricultural land await the coming of capital and organizing ability to open the Aladdin's cave of untapped natural resources. In the years ahead, before the end of this present century, agriculture may itself have been transformed into something like a manufacturing industry operated largely by industrial chemistry. In the meanwhile, there is any amount of work ahead of the provinces to make the most productive use of the resources which the Dominion government are handing over as part of the west's share of a wonderful national heritage—Ottawa Citizen.

George Washington's second inaugural address contained 134 words, and is regarded as the shortest in the history of such occasions in the United States.

### COUGHS

are Nature's signals warning that resistance is broken and the body undermined.

### Scott's Emulsion

is a blessing to all who need strength. It has been the body vigorous and healthful. Try it!

Scott & Bowne, Toronto, Ont. 25-9

## PILES are quickly Soothed & Healed by Zam-Buk

Western Canada Air Mail

### Vote In Parliament Forebodes Important Development

The main estimates tabled in parliament almost certainly forebode the establishment this year of an air mail service in western Canada. Bearing in mind the probable cost of the Winnipeg-Calgary air mail service, the increases in the appropriations to be sought by the post office department and the national defence department can be interpreted in no other way than as foreboding this most important development.

The vote on the air mail service in the estimates of the post office department is increased from \$400,000 to \$1,250,000 and this is more than sufficient to cover all contracts needed in the western service, likewise the increase in the vote for the establishment of air routes, in the defence department, of \$313,432, is about twice the amount required to construct light beacons and emergency landing fields along the 1,200 mile route from Winnipeg to Calgary and north from Regina to Saskatoon, and from Calgary to Edmonton.

In other respects the main estimates are of great interest to the west. The items for the department of agriculture show very substantial increases. There is an "additional vote" of \$457,000 for cold storage warehouses, \$250,000 for seed grain control and grants to seed farms, \$150,000 for experimental farms, \$180,000 for health or animals, \$10,000 to establish a co-operative branch in the department, and \$20,000 for Canada's share in the "very organized empire bureau of research."

### Where Living Is Cheap

Fiji Islanders Work Little and Pay No Rent For House Or Land

Fiji Islanders have a pretty easy time, little work and no rent to pay. The placid life of the Islanders brightens the heavy reading of the annual colonial report for 1927, which has just been issued by the British government.

"Labor conditions do not exercise any considerable influence on the Fijians as a whole," declares the report, "apart from affording additional employment. Every Fijian is a member of a land-owning unit, and has the right to use a portion of the tribal lands for planting crops for food and profit, or for raising cattle."

"If he remains in his village, he is provided with a house of native construction, built by the community of which he is a member. Beyond performing his share of the work done for its benefit by the community as a whole, he pays no rent either for his land or his house."

### Going Upstairs Had to Sit Down Breath So Short

Mrs. H. Brousseau, Magog, Que., writes:—"For many years I suffered with shortness of breath; then four years ago I had palpitation of the heart, and was so bad I had to sit down two or three times when going upstairs. I read about

so I got a box, and in no time I felt better, so I took three boxes more and I never have had shortness of breath since."

Price 50c. a box at all druggists and chemists, or mailed direct to the editor of Price by The T. Milburn Co., Ltd., Toronto, Ont.

### His Worry

"I hear you are going to California with your husband, Jane," said Mrs. Jones to her maid, who was leaving to get married. "Aren't you nervous about the long voyage?"

"Well, mum," was Jane's reply, "that's his lookout. I belong to him now, and if anything happens to me it'll be his loss, not mine."

Village Fire Marshal—I was just read in this history about the burning of Rome.

Head Pipeman—What started it, chief? crossed wires or a lighted cigarette?

### Has Met With Success Marshall Shillman Movement In States Helps Discharged Convicts To Reform

Possibly few persons could say off-hand what the Marshall Shillman Movement is, and yet it is grappling with, and greatly aiding in the solution of, one of the most pressing social problems in the United States, that of taking care of the convict on his discharge. It strives to catch the former convict just as he leaves prison in a mood of uprightness and to give that mood an opportunity to express itself. Its "clubs" have figured as perhaps the most important feature of its work until recently, but during the last year the question of jobs for its wards has been answered more successfully than ever before by the establishment of enterprises where former convicts alone are employed. The plan has succeeded beyond expectation, and to date, has to its credit a 100 per cent record of achievement; that is, there have been no backsliders.

Society has in the past been responsible for many first-time offenders becoming habitual criminals. This movement is an effort to enable men who earnestly desire to do so, really to straighten out. — Chicago Science Monitor.

### Buffalo Shipped To Italy

Three buffaloes from the government park at Waltham, have been sent to Italy, where they will be placed in one of the state parks. Prior to their long journey overseas they were segregated for three weeks, during which time they underwent a tanning process. The animals were shipped to the Royal Italian Government.

### Minard's Liniment for the Grippes and Flu.

The fine drop capsules are called "Buckley's" under positive guarantee. The fine drop capsules are called "Buckley's" under positive guarantee.

Chicago Gunman (to valet) — "Which gun shall I wear to the banquet tonight, Hawkins?"

What the world needs is a radio-victrola — vacuum sweeper — electric stove with a waftle attachment.

The Great War has been estimated to have cost \$85,000,000,000.

## YOU CAN'T DYE with Good Intentions

You can get results after a fashion—with any old dye; but to do work you are proud of takes real analysis. That's why we put them in Diamond Dyes. They contain more than five times more dye than the cheap dyes on the market! Cost more to make? Sure! But you get them for the same price as other dyes.

Next time you want to dye, try them. See how easy it is to use them. Then compare the results. Note the absence of that red-dyed look of streaking or spotting. See that they take more of the life out of the cloth. Observe how the colors give their brilliance through wear and washing. Your dealer will refund your money if you don't agree Diamond Dyes are better dyes.

The white package of Diamond Dyes is the original "all-purpose" dye for any and every kind of material. It will dye or tint silk, wool, cotton, linen, rayon or any other kind of material. The blue package is a special dye, for silk or wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. Remember when you buy. The blue package dyes silk or wool only. The white package will dye every kind of goods, including silk and wool. Your dealer has both packages.

## WOULD BAR U.S. FARM PRODUCTS FROM CANADA

Ottawa.—Parliament received a suggestion as to how Canada can meet increased United States tariffs against Canadian farm products. The method, suggested by Hon. Hugh Guthrie, acting Conservative leader, would be in the first instance, to stop the importation of farm products into Canada.

Secondly, to supply those agricultural products which are now imported into the Dominion from Canadian farms.

Mr. Guthrie, in making this suggestion to the government, stated that the Dominion is now importing agricultural products from the world to an annual value of approximately \$60,000,000. To the United States, he said, Canada sells annually farm products valued at slightly over this sum. If the United States closes its doors on Canadian agricultural products, Canada could close hers on similar products from the world. The Dominion is in a position to supply her own home needs.

"To accomplish that," declared Mr. Guthrie, "all we need is a government with some courage, all we need is a government with some resolution; all we need is a government that has the real interests of the people, of the farmers of Canada, at heart."

The acting Conservative leader submitted to the House that "there is something seriously wrong in regard to the trade of this country with the United States." The Dominion was now buying too much from the country to the south and selling too little. Canada found herself with an adverse trade balance. Insofar as her transactions with the republic were concerned, amounting to \$333,000,000. Mr. Guthrie said he realized that the United States market was the most convenient for Canada, and in many respects the very best market in which to sell Canadian farm products.

"But," he added, "if the tariff of that country is raised so high that we cannot enjoy the market, then we will have to shape ourselves to enjoy the Canadian market to the fullest extent and at the same time to seek other markets throughout the world. In order to do this, however, we shall need to have a re-application of the principle of protection in our customs tariff."

## Receives Medal From King

Red Cross Insignia Personally Conferred On One Of His Nurses. Bognor, England.—King George personally conferred the insignia of the Royal Red Cross, second class, on Nurse Davis, one of the five who attended him during his illness.

His Majesty had the medal of the order specially sent down from London, so he could present it as a token of his appreciation for the unselfish care and attention of Nurse Davis, who is leaving on her holiday.

**Attempt To Salvage Plane**  
Copenhagen.—Four members of the Hobbs' expedition in Greenland, have left Mount Evans, Greenland, on an attempt to salvage the airplane of Bert Hassel and Parker Cramer. The plane came down last summer 12 days' walking distance from Mount Evans, where the Hobbs' expedition is wintering. Word of the salvage attempt was radioed to the newspaper Ekstradet.

**Bank Receives Charter**  
Ottawa.—Approval has been given by the banking and commerce committee of the House of Commons to the charter application of Barclay's Bank (Canada, Limited). The headquarters of the bank, which is capitalized at \$200,000, will be in Montreal. Sir R. L. Borden, former premier of Canada, will head the institution.

**A Record Production**  
Ottawa, Ont.—Mineral production in Canada reached a net record in 1923 with a total of \$273,446,584. This surpasses the 1927 figure by \$28,090,169 or 10.5 per cent. Advances were general in all fields; metals, non-metals, fuels and structural materials. Figures were made available at the Dominion bureau of statistics.

**Smallpox In Bombay**  
London, England.—An epidemic of smallpox which has caused 247 deaths in 500 cases since the beginning of the year, has alarmed Bombay. Twenty vaccination stations have been established and 6,000 vaccinated since January.

W. N. U. 1776

## May Enable Women To Keep Nationality

**Bill Introduced In British House Regarding Marriage With Aliens**  
London, England.—A bill to enable a British woman marrying a foreigner to retain her nationality unless she declares her desire to assume the nationality of her husband was introduced in the House of Commons by Miss Ellen Wilkinson, Labor member for Middlesbrough East. The bill is only retroactive with regard to British women who have married aliens and they would automatically become British citizens again unless they declare their wish to retain the nationality of their husbands.

## Master Mariner Dies

**Captain William Sanderson Came To Vancouver In His Eighties**  
Vancouver.—Death of Captain William Sanderson, pioneer Canadian Pacific Railway Company master mariner, has broken a link between the present and an earlier shipping era on the Pacific Coast. Captain Sanderson, for whom funeral services were held in Vancouver, was a native of Liverpool, and came to Vancouver in the 80's, a boatswain of the old "Empress of India" on the liner's maiden voyage. He remained in the employ of the Canadian Pacific here until his retirement some years ago.

## Prince Given Power To Invest Knights

**Will Conduct Two Ceremonies On Behalf Of King This Month**  
London, England.—The King by royal warrant has authorized the issue of letters patent empowering the Prince of Wales to confer the honor of knighthood at royal investiture ceremonies at St. James' Palace, March 26.

The Prince of Wales has been empowered to conduct two investiture ceremonies on behalf King George at St. James' Palace on March 26 and 27.

## Farm Loans For B.C.

**Loans May Be Made Available For Agriculture By First Of May**  
Victoria.—Farmer loans should be available to British Columbia agriculturists by May 1, according to an announcement given out here by Dr. J. D. MacLean, chairman of the Canadian Farm Loan Board. The chairman of the board stated that nominations for places on the provincial loan board had been made by the provincial government and will be considered by him and his colleagues immediately. The names of the provincial nominees were not revealed.

**Would Retain Dole**  
London, England.—First reading has been given in the House of Commons to a bill which makes migrants from Britain still entitled to unemployment insurance benefits. The bill provides that a migrant who goes overseas but remains within the Empire, should receive unemployment pay for a period up to two years.

**Accepts Radio Agreement**  
Ottawa.—Word has been received by Alex Johnston, deputy minister of marine, that Newfoundland has accepted the radio agreement concluded by Canada, the United States, Newfoundland and Cuba, covering the short waves, Cuba and Mexico have yet to be heard from.

**Appeal In Dismissed**  
Toronto.—The appeal of Arvo Vaara, editor of Vapaus, Finnish newspaper published at Sudbury, Ont., from a conviction in that city on a charge of publishing seditious libel, was dismissed in second division court.

**Ex-President Will Write**  
New York.—Curiosity as to what Calvin Coolidge would do on returning to private life was at least partially satisfied, by announcements that contributions from his pen would appear in two magazines.

**Celebrates Birthday**  
Toronto.—Toronto celebrated its 20th birthday March 9, having been incorporated as a city by act of the legislature, which received royal assent March 6, 1834. In 1834, Toronto had a population of 9,254.

**France Bans Trotsky**  
Paris.—It was learned here that the French cabinet, at a secret meeting, refused to grant an application from Leon Trotsky, for permission to reside in France.

## Opposes Intervention To Keep Nationality

**Premier Baldwin Against Direct Governmental Intervention In Mining Industry**  
London, England.—Direct governmental intervention in the mining industry would not be advantageous, Premier Baldwin told a deputation from the Miners' Federation, according to the joint report of the proceedings at the meeting recently issued. Mr. Baldwin expressed the opinion that amalgamations and other forms of re-organization in the industry were progressing satisfactorily.

The most urgent matter requiring attention, he said, was the transference of the surplus miners to other industries. He appealed for the co-operation of the Miners' Federation with the government schemes in this matter.

## To Ban Poison Gas

**Germany Prepared To Sign Agreement Prohibiting Use Of Gas In Warfare**

Geneva.—Germany, which introduced the horrors of poison gas on a large scale during the world war, has announced to the world that she is prepared to sign a protocol prohibiting the use of asphyxiating gas in warfare.

The announcement by Dr. Gustav Stresemann, German foreign minister, sent the regular March session of the League of Nations council off to an auspicious start in its efforts for world peace.

Stresemann said Germany would ratify the protocol shortly. August Zaleski, Polish foreign minister, announced that Poland also would ratify the protocol.

## RESOLUTION ON RESOURCES IS FINALLY ADOPTED

Ottawa.—After a stormy career, the Woodworth resolution on natural resources, in amended form, finally passed the House of Commons. Debate on the resolution and on the numerous amendments which followed its introduction, has held up consideration of the budget for several days.

The resolution finally emerged, after the buffeting which it has received, in a very different form from that which it was intended. As originally drafted and presented to the House by J. S. Woodworth, Labor member for Winnipeg North Centre, it set forth "that in the opinion of this House, no disposition of the natural resources, under the control of the federal government, shall be effective until ratified by Parliament."

The resolution as approved by Parliament, reads as follows: "That, in the opinion of this House, no disposition of natural resources under the control of the federal government in the provinces of Manitoba, Saskatchewan and Alberta, shall be made under the Dominion Water Powers Act, but the said water powers shall be administered by the respective provinces under powers to be granted by this Parliament similar to the powers granted to the province of British Columbia to administer the water powers in the railway belt, as set forth in the railway belt water act of 1912."

## To Picture Score of Cultures

Eighteen racial groups will contribute to the Great-West Canadian folk-song and handicrafts festival which is to be held in Regina, March 20-23. Serbians will dance the Kolo; Charles Marchand will lead the Bytown Troubadours in French Canadian folk-songs; Paul Bal, Danish baritone will render Viking songs; Jean Gould and her pupils will represent Scotch and Welsh varieties. Who, looking at the picture above of Walter Yeuberg and Lina Gaerts in the Dutch scene would think this more for the blending of national cultures than what white?

## RECEIVES CONGRATULATIONS

Dr. Donald MacGillivray, pioneer missionary in China, who is receiving congratulations on the fortieth anniversary of his entrance into the Chinese mission fields.

## Hoover Is Starting Prohibition Drive

**New President Plans To Clean Up**  
Toronto.—A special despatch to the Mail and Empire, from Washington, says:

"President Hoover will begin his prohibition enforcement drive in Washington. He will confer at an early date with the commissioners of the district of Columbia and urge them to clean up the national capital. Another step will be to appeal to all public officials to refrain from patronizing boot leggers and drinking. His drive here may result in stopping many hosts and hostesses from serving drinks at dinners attended by public men and women."

"During the Coolidge regime prohibition enthusiasts gradually curtailed use of strong drink at parties, but Mr. Hoover will further discourage the custom."

## Wins Dog Derby

**St. Goddard First To Cross Line In Northern Manitoba Class**

The Pas, Man.—In the most sensational finish ever witnessed in any dog derby, Emile St. Goddard, youthful "musher" of international fame, finished in the renewal of The Pas dog derby association 200-mile non-stop derby.

St. Goddard reached the finishing line on the Saskatchewan river at 11.09 p.m. His time for the 200-mile course to Flin Flin and return was 56 hours 59 minutes.

Earl Brydges, another local entrant, finished second, only three minutes behind the famous St. Goddard, after fighting an uphill battle during the early hours of the night.

**Killed By Avalanche**  
Erivan, Russia.—Thirteen persons were killed and many injured in an avalanche in the Armenian village of Zangur, which received here recently. Several houses were destroyed by the avalanche, which was reported due to heavy snowstorms in the region.

**Ice-Bound In Baltic Sea**  
Copenhagen.—Christian X., King of Denmark, Queen Alexandrine and Prince Knud, arrived here after spending the night aboard a ferry ice-bound in the Baltic Sea. The ship took twelve hours to make what ordinarily is a two-hour voyage from Warnemünde to Gjedser.

## Compulsory Voting Law Is Considered

**Workings Of Australian Law Being Studied By Committee**

Ottawa.—Compulsory voting has been under consideration by the special committee of the House of Commons which is dealing with amendments to the Dominion Elections Act and the Corrupt Practices Act. No decision as to the principle involved will be made until sections are drafted suitable to Canadian conditions. Dr. T. E. Kaiser, Conservative, Ontario, read to the committee the sections of the Australian act which he said was working satisfactorily. In the last election in that country 91 per cent. of voters on the list had attended the polls as compared with 78 per cent. in the previous election. With the assistance of W. A. Boys, Conservative, Simcoe, North, Dr. Kaiser is to draft sections suitable for inclusion in the Dominion Elections Act.

The Australian Act provides a penalty of £2 for failure to vote, if no reasonable excuse can be given for such failure.

## Question Validity Of Pension Law

**Quebec Opinion Considers Federal Pensions Act Ultra Vires**

Quebec.—Legal opinions furnished to the premier of Quebec as to the federal old age pension law raised the constitutional question as to whether or not the Dominion government has power to use its money to pay to the provinces a part of the cost of such a scheme as the old age pension law.

This is the information which Premier Taschereau gave to the Quebec legislative assembly when debate was resumed on a motion for production of documents relating to the pensions scheme.

Mr. Taschereau has consulted three constitutional authorities in the matter. Eugene Lafleur, K.C., Alphonse Geoffroy, K.C., and Louis St. Laurent, K.C. Mr. St. Laurent gave it as a definite opinion that the federal law is ultra vires, the premier said.

## Seek Potash Deposits In British Columbia

**Prospectors Being Encouraged By Smelter Company At Trail**

Victoria.—The Consolidated Mining and Smelting Company which wants potash for its new fertilizer industry on which it is entering on a large scale at Trail, B.C., announced measures for the encouragement of prospectors in the unearthing of potash deposits believed to exist in British Columbia.

The Consolidated will make a free analysis of samples for prospects and to aid in the identification of samples, deposits are being placed on display here and in Vancouver. A booklet on potash and its occurrence will also be sent from Trail to anyone desiring it.

## EARLY END OF MEXICAN REVOLT IS PREDICTED

Mexico City.—A speedy end of the rebellion against the administration of Provisional President Flores Gil was predicted in an official government bulletin recently.

The bulletin said that General Jesus M. Aguilar, leader of the revolt at Vera Cruz, had been deserted by most of his soldiers, who had returned to the support of the government and were fighting their former leader.

Announcement also was made that the federalists had re-captured Monterey, the strategic centre in Nuevo Leon, had taken Cordova, in the State of Vera Cruz, and would in a few days be in full possession of the bulk part of that state.

Washington.—The Mexican government situation is causing more anxiety in Washington than anything else since the Nicaraguan revolt. Men in high government and senate circles state frankly that the revolt has a very good chance of overthrowing the Mexican government.

This might result in the United States having to undertake another expedition with marines into a Latin country. The Nicaraguan experiment proved so unpopular with the average American that the government is not anxious to repeat it. But the protection of American nationals at their property in Mexico will be the first consideration.

## PLANES ASSIST IN OPENING UP NORTH COUNTRY

Winnipeg.—The exploration of hundreds of thousands of miles of Canada's northland in the search for minerals, both by aeroplanes and by waterways, with interesting details of the vast country traversed and the hardships encountered, was vividly related by John E. Hammell, internationally-known mining man; George M. Douglas, mining engineer, of Lakeshield, Ont., and L. L. Bolton, assistant deputy minister of mines, Ottawa.

These three men, eminent in the field of mineral development, addressed the afternoon session of the annual meeting of the Canadian Institute of Mining and Metallurgy. The great part being played in the exploration and development of mineral areas by the aeroplane was testified to by Mr. Hammell, who is a director of the Northern Aerial Mineral Exploration Company. Planes of his organization had covered one hundred thousand miles of flying from Ungava to the Yukon without a single air casualty, he said.

There are four outstanding advantages of aeroplanes, which he outlined as follows: Safety; affording communication by field parties with district engineers; increased morale, because worry and labor of transportation is removed; and fourth, with aerial observation, geological boundaries could be outlined by engineers and experienced prospectors.

Mr. Hammell dramatically told of the great future awaiting those held out to strike deeply into the new areas where rich mineral finds could be made, and of the possibilities afforded young Canadians in the northland.

Mr. Douglas dealt with an exploration trip made along the little known southwestern shores of Great Slave Lake which he traversed in 1923.

The trip was disappointing from the viewpoint of economic geology, said Mr. Douglas, but it served a useful purpose in eliminating the necessity of further prospecting in the areas known to be barren of economic minerals.

The forest reserves, however, were vast, and with great power resources, sawmills and paper mills were matter of certainty in the near future, he said.

## New Scholarships Offered

**Acceptance To Be Considered By University Of B.C.**

Vancouver.—A \$1,000 scholarship in economics, effective for three years, with a free study trip to the Orient, will be possible for students at the University of British Columbia, through an offer by H. R. MacMillan, Vancouver exporter. The offer will be considered by the board of governors of the University shortly. By means of the scholarship Mr. MacMillan hopes to promote the study of Oriental trade and business conditions on the Pacific.

**Wants Churchill Site**

Winnipeg, Man.—The Manitoba government has opened negotiations with Ottawa for taking over the Churchill townsite. Hon. D. G. McKenzie has left for the capital to talk over the question with officials there. He will also visit Toronto to discuss rural hydro electric rates with officers of the Ontario hydro system.

**Radio Helped Unemployed**

Berlin.—The first German attempt to get employers and unemployed together by radio succeeded beyond hopes of those sponsoring it. The municipal employment offices had more jobs than men. In answer to appeal over government radio station for workers, several thousand jobs were filled.

**Huge Seizure Of Narcotics**

New York.—Narcotics worth \$1,000,000 at the price addicts pay, were seized as they were being shipped by express to distributors of the underground drug trade in the south and west. Four men, one of them said to be a professional bodyguard to gangsters, were arrested and held in high bail.

**Too Hot In India**

London, England.—It is learned here that Lord Burreham, member of Sir John Simon's Royal Commission on Indian statutory reforms, has been overcome by heat and is returning to England from India where the commission has been sitting for some months.

## BURNS & CO. LIMITED

Blairmore Phone 46 Bellevue 12a Hillcrest 61a Coleman 53

Rev. G. G. Webber, representing the Lord's Day Alliance was a Blairmore visitor this week.

The ladies of the United church will hold their annual Easter sale of work, home cooking, candy, cut flowers, etc., in the Elks' hall on Thursday, March 28th. Tea will be served from 3 to 6 p.m.—M14-21.

We are suffering today from a sprained ankle sustained while attempting to destroy a dandelion blossom with a kick.

Returning from the hockey game at Blairmore on Monday night, a Brockett car upset just east of Cowley and was badly smashed. Several of the occupants sustained injuries.

## Local and General Items

The Altermatt Orchestra furnishes music for the Moose Saturday night dance.

Steve Tupka, Watkins Products representative at High River, accompanied the "Fliers" here on Monday.

The infant child of Mr. and Mrs. Herbert Newton died at Bellevue on Tuesday of this week, following a brief illness.

Fred Palmer, of Claresholm, has sold eighty acres of his farm, eight miles east on the Starline, to Albert Anderson.

It is said that 1263 persons attended the High River-Blairmore hockey game here on Monday night, made up as follows: 142 children, 421 ladies, 679 gentlemen and 21 individuals who smoked during the game.

In a drive against the rabbit pest in the Claresholm district recently, upwards of 2000 were killed and sold at twenty cents. The pelts were removed and the carcasses sent to the Calgary fox farms.

The weather this week has been so springlike that crocus picking parties are being organized for Sunday next. We are offering a nickel for the first crocus brought to our office, and for two crocuses a dish of fresh 1929 strawberries and cream.

PIANO TUNING—J. P. Avery, of Calgary, is in town. Orders left with Miss Chardon will receive prompt attention. Workmanship guaranteed.

G. G. Webber, who arrived here the early part of this week, travelled on the same train with Joe Fitzpatrick, another ardent Lord's Day observant and prohibitionist.

A learned doctor declares that the brains of dead men reveal nothing. A caustic critic replies that the brains of quite a number of live men are equally blank.

Last night a friend of ours missed the lining of his watch pocket, and a few days afterwards was partly surprised to see a lady wearing it, she having converted the frail piece into a full evening dress.

For the Calgary Aero Club annual banquet on March 20th the Palliser hotel will be transformed into an elaborate hangar, complete with a fully-rigged airplane, wings spread and all prepared for a take off.

A few days ago we picked up an armful of flappers and carried them into Pete Colombo's bakery. They were placed under a shower bath for seven minutes. From the by-products we received four loaves of bread.
